Technology Assurance Group Invites Mike Shuping, President of TDARx, Inc., to Offer His Views on the Latest Technologies Impacting the SMB Marketplace

Industry Leader to Lend His Expertise and Years of Experience to U.S. and Canada's Top Technology Providers at TAG's Annual Convention

WINSTON SALEM, NC — January 30, 2011 — TDARx, Inc., an industry leader in unified communications, announced today that Technology Assurance Group (TAG), an international organization of leading independently owned unified communications companies representing over \$350 million in annual sales, invited Mike Shuping, President of TDARx, Inc., to present on the latest technologies impacting small to mid-sized businesses (SMB) at the 11th Annual TAG Convention. Mr. Shuping will share his extensive industry expertise and company's experiences with top technology providers located throughout the United States and Canada. TAG's 2011 Annual Convention will be held on March 16th – 18th in San Antonio, Texas.

With the growth of cloud-based technologies, the theme of the 2011 Annual Convention is "Find Your Silver Lining in the Cloud." SMBs have begun to fully understand the true value of cloud technologies and the market is set to explode. According to predictions by IDC Research, "By 2014, sales of cloud computing products or services will generate almost \$56 billion in annual revenues." The expansion of

cloud technologies will not only have a profound impact on the technology sector, but this growth will transform the manner in which SMBs conduct business across all industries. Shuping will share his views on the future of cloud technologies, virtualization, hosted solutions, and managed services with other industry professionals. As a well-respected business leader in the industry, many of his peers will gain valuable insight on where the cloud is taking businesses.

"We've always placed the utmost importance on being on the leading edge of technology which is why we spend so much time and energy educating our employees," commented Shuping. "When we truly understand where our industry is headed, it makes it much easier to increase our customers' profitability and give them a competitive advantage. An ancillary benefit to running our organization in this manner is that we are able to share our experiences with our colleagues at events like the TAG Convention."

"The TAG Convention brings the brightest minds and most innovative thinkers in our industry together to share best practices, learn from one another and plan for a successful future," stated Brian Suerth, EVP and Partner of Technology Assurance Group. "We are honored to have President Shuping at our event, and we all

look forward to learning from him."

ABOUT TDARx, INC..

TDARx, Inc. came into existence when TeleData Services, Inc., a regional leader in business communications, and Arx Technology, Inc., a leading provider of computer and data networking technologies, merged in January 2008. The merger enhances TDARx's expertise in a full line of communication technology, which helps its customers increase their profitability and improve competitive advantage. TeleData Services, Inc. was founded in 1988 by Mike Shuping with partners Michael Nester and Larry Halsey. For the past 20 years, TeleData Services has been and is committed to establishing and maintaining a dynamic partnership with every customer. Extensive technology and service experience allowed the TeleData Services, Inc. team to develop an understanding of each customer's unique telecommunications requirements, and to respond to those requirements quickly and effectively.

Founded in 2001 by owner Wesley Walker, Arx Technology had been fulfilling the IT needs of Triad businesses. The company has over 350 customers and eight certified

engineers. These professionals have a number of advanced industry certifications including Microsoft, Macintosh, Cisco, Citrix, Novell, and Linux and provides IT-based growth strategies for small and medium businesses. Arx specializes in data, technology and network consulting, security and support.

Today, TDARx is poised to help its customers maximize the return on their investment in communication technology. With TDARx, you can focus on your business, while we focus on your

IT! For more information, please contact us at (336) 896-0808 or visit www.tdarx.com.
